Thank you for your interest in the Latrobe–Derry Area Wooden Bat Fall baseball program. We started this program in the fall of 2012 to give our children an opportunity to continue to play the game they love after their summer teams finished up for the season. Now in its 11th year, the league has grown and prospered into one of the better fall baseball programs in the area. It continues to provide a chance for additional structured game time to hone skills and allows the younger players the opportunity to gain experience with older players. We are always looking for ways to improve. If you would like to volunteer as a coach or have a suggestion for the league, please feel free to contact me.
